

Health and safety policy

This is the statement of general policy and arrangements for:

A.E. Burgess & Sons Ltd
Name of organisation

Overall and final responsibility for health and safety is that of:

Mr. Steve Burgess
Name of employer

Day-to-day responsibility for ensuring this policy is put into practice is delegated to:

Mr. Robert Gundle

Statement of general policy	Responsibility of (Name / Title)	Action / Arrangements (Customise to meet your own situation)
To prevent accidents and cases of work-related ill health and provide adequate control of health and safety risks arising from work activities	Robert Gundle	Relevant risk assessments completed and actions arising out of those assessments implemented. (Risk assessments reviewed every year, or earlier if working habits or conditions change.)
To provide adequate training to ensure employees are competent to do their work	Robert Gundle	Staff and subcontractors given necessary health and safety induction and provided with appropriate training (including working at height, asbestos awareness and electrical safety) and personal protective equipment. We will ensure that suitable arrangements are in place to cover employees engaged in work remote from the main company site.
To engage and consult with employees on day-to-day health and safety conditions and provide advice and supervision on occupational health	Robert Gundle	Staff routinely consulted on health and safety matters as they arise but also formally consulted at regular health and safety performance review meetings or sooner if required.
To implement emergency procedures - evacuation in case of fire or other significant incident. You can find help with your fire risk assessment at: (See note 1 below)	Robert Gundle	Escape routes well signed and kept clear at all times. Evacuation plans are tested from time to time and updated as necessary.
To maintain safe and healthy working conditions, provide and maintain plant, equipment and machinery, and ensure safe storage / use of substances	Robert Gundle	Toilets, washing facilities and drinking water provided. System in place for routine inspections and testing of equipment and machinery and for ensuring that action is promptly taken to address any defects. Staff trained in safe handling/use of substances. (See www.coshh-essentials.org.uk .)
